What is DVD Shrink?

DVD Shrink is software to backup DVD discs. You can use this software in conjunction with DVD burning software of your choice, to make a backup copy of any DVD video disc.

DVD Shrink will also burn your backup DVD, if you have installed the latest version of Nero or if you [download CopytoDVD](#). You can also download a demo version of Nero [here](#). If you already possess alternative burning software and prefer to stick with it, then you can still use DVD Shrink. The output from DVD Shrink can be saved as files on your hard drive, which you can then burn with software of your choice.

DVD Shrink is [free](#) software. You should never pay for DVD Shrink.
